## Green Resource Hosts an Open House

May 13, 2009

Green Resource celebrated their new 33,600 sq. ft. warehouse location in Charlotte, by hosting an open house. The event was catered by Sonny's Real Pit Bar-B-Q. Many major basic manufacturers were on hand to provide information on a variety of products: Fertilizer, Turf & Ornamental Pesticides, Turfgrass Seed, and Erosion Control. Green Resource provided entertainment in the form of a 'Cash Vault' (filled with cash and prizes). The open house was visited by more than a hundred customers!

Thank you for attending. Please come back and visit us again soon!
