

FERTILIZER

Green Resource offers a complete line of fertilizer and nutritional products consisting of more than 650 products. Custom fertilizer blends are available upon request.

PRIMARY NUTRIENT SOURCES

- **Golf**
 - Andersons:
 - Contec DG
 - Foltec
 - Humic DG
 - Biomend DG
 - Black Gypsum DG
 - Growth Products
 - Holganix
 - Milorganite
 - Nutrite
 - Reed Perrine
 - Spring Valley
- **Lawn Care**
 - Holganix
 - Nutrite
 - Reed Perrine
 - Spring Valley
- **Agricultural**
- **Ornamentals**
 - Florikan
 - Osmocote
- **Erosion**
 - 10-20-20
 - 17-17-17
 - 18-24-12
 - 20-20-20 (Water Soluble)
- **Organic**
 - Holganix
 - Milorganite
 - Mirimichi Green
- **Water Soluble**
- **Liquid**
 - Growth Products
- **Micronutrients**

Green Resource relies upon several national and regional manufacturers to blend a wide selection of fertilizer analyzes, utilizing this partial list of primary nutrient sources:

- 00-00-22 Sulfate of Potash-Magnesia
- 00-00-50 Sulfate of Potash
- 00-00-60 Muriate of Potash
- 05-03-00 Organic Fertilizer
- 11-48-00 Monoammonium Phosphate
- 13-00-44 Potassium Nitrate
- 15-00-00 Calcium Nitrate
- 18-46-00 Diammonium Phosphate
- 21-00-00 Ammonium Sulfate
- 31-00-00 Isobutylene Urea
- 34-00-00 Ammonium Nitrate**
- 38-00-00 Urea Formaldehyde
- 40-00-00 Methylene Urea
- 43-00-00 Poly-Coated, Sulfur-Coated Urea
- 46-00-00 Urea

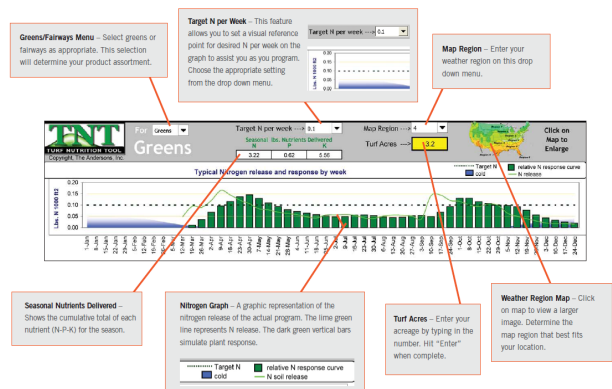

CUSTOM BULK APPLICATION

Green Resource has the ability to accurately custom bulk apply fertilizer and combination products.
